ADDITIONAL INFORMATION

Restrooms are located in the middle of loops 1-23 and 24-49.
The fishing dock is closest to sites 41 and 43 but within walking distance of all sites.
The playground is located behind sites 17-23 but all sites are within close walking distance.
The shore line from site 15-41 is a small cliff with hiking trails that give easy access to the water.
There is a set of swings in the day use area.
The west boat ramp is used primarily for jet-skis, because it does not have a courtesy dock for boats.
No glass bottles are allowed on the beach, and we ask that all BBQs take place outside the buoy lines for the beach.
All screened shelters have RV hookups also.
There is a dump station located along the entrance road of the park for campers to dump sewage.
