Once you reach the map page, add it to your favorites for easy access.

**Navigation:** To navigate around the map on your device, use your finger to drag and pan the map, or pinch-to-zoom. Optionally, you can use the zoom in and out buttons. The middle Home button will return you to the Lake view.

Zooming in on the map will show additional features and labels not visible when zoomed out.

Pressing the Locate button will use your GPS to take you to your current location.

When pressing certain features, you will bring up more information about them.

**Information:** To access additional information, press the info button in the top right corner of the map.

Here you will find links to web pages with specific hunting information for both the Lake and State. Also you can provide your personalized feedback for the hunting program.

In this Information box, you can press the Legend Tab to access the Map Legend, showing all the visible features in the map.
