## Waco Lake Plant List

Grasses, rushes, sedges, and other non-showy plants are not included. Latin names follow Shinner and Mahler's *Illustrated Flora of No*

Habitats:

B= bottomland (moist riparian forest) areas

D= disturbed (roadsides, mowed areas)

E= woodland edge, G= grassland

U= limestone uplands

A= all habitats

If separated by a comma (eg D,G), plant is found in both habitats.

If NOT separated by comma (eg UG = Upland Grasslands only), plant is only found when the combination of habitats is present.

\* = exotic (non-native) + = increasing - = declining since pool rise

\*\*= invasive
